SEVERABILITY – If any provision of this Agreement or any application of this Agreement to the parties is held to be contrary to law, or State Board of Education Rules, then such provision or application shall not be deemed valid, except to the extent permitted by law or regulations. All other provisions or applications shall continue in full force and effect until termination of this Agreement.

WAIVER CLAUSE – Failure of either party to require performance by the other party of any provision herein shall in no way affect the requirements of the parties to perform at any time thereafter, nor shall any waiver of an alleged breach of any provision herein be taken or held to be a waiver of said provision thereafter.

TOTALITY OF ENTIRE AGREEMENT – The parties agree that during the negotiations which resulted in this Agreement, the Union had the unlimited right and opportunity to present demands and proposals with respect to any and all matters lawfully subject to collective bargaining, and that all of the understandings and agreements arrived at thereby are set forth in this Agreement and that it shall constitute the entire and sole agreement between the parties for its duration.

Therefore, the College and the Union during the term of this Agreement, voluntarily and unqualifiedly waive the right, and agree that the other shall not be obligated to bargain collectively with respect to any subject or matter, whether or not referred to or covered by this Agreement, even though such subject or matter may not have been within the knowledge or contemplation of the parties at the time they negotiated or signed this Agreement.

Voluntary communications between the parties shall not be considered collective bargaining as waived in this article.

ARTICLE 4: FACULTY RIGHTS

BARGAINING UNIT RIGHTS – All rights, privileges and benefits expressed in this agreement shall remain in effect for the duration of this agreement.

UNION REPRESENTATION – A faculty member who has the expectation that disciplinary action may be initiated by the College has the right to request Union representation.

NON DISCRIMINATION FOR UNION ACTIVITIES – All full-time faculty of the College shall have the right to join or to refrain from joining the Union. Neither the College nor the Union shall discriminate against any employee covered by this Agreement because of Union membership or non-membership.

Any claim or charge of discrimination or unfair labor practice regarding Union activity may be processed through the grievance procedure provided for in this Agreement.

PERSONNEL FILES – There shall be one official personnel file for each faculty member. The official file shall be maintained in the College's Human Resources Department.

No anonymous letter or anonymous materials shall be placed in the personnel file. Faculty shall be notified of any derogatory materials placed in their personnel file and shall receive a copy of such pursuant to Florida statutes and any relevant rules or regulations.

Faculty members shall be permitted to examine the contents of their personnel file. Faculty members shall have the right to answer any material in their personnel file and to have that answer attached pursuant to the laws of the State of Florida.

Faculty members shall have a right to a copy of their personnel file and may request a waiver of any fees for production of the copy, which request shall not be unreasonably denied.

Therefore, the parties affirm that faculty shall be free from arbitrary limitations on the study, investigation, and presentation of facts and ideas.

ARTICLE 5: MANAGEMENT RIGHTS

Except as limited by the specific and express terms of this Agreement, the College hereby retains and reserves unto itself all unilateral rights, powers, authority, duties, and responsibilities conferred upon or vested in it by Section 447.209, Florida Statutes, other applicable Florida and federal statutes, and State Board of Education Rules. These unilateral rights include, but are not limited to, the right to determine the purpose, mission, objectives, and policies of the College; to determine the facilities, methods, means, equipment, procedures and personnel required to conduct the College programs; to administer the personnel system of the College as specified by Florida statutes; to direct, supervise, schedule and assign the workforce; to maintain the discipline and efficiency of the faculty and operation of the College; to determine the programs and courses of instruction; to determine the College's grading system; and to take whatever actions may be necessary or appropriate to carry out the mission of the College. However the exercise of such rights shall not preclude faculty or their representatives from raising grievances, should decisions on the above matters have the practical consequence of violating the terms and conditions of any collective bargaining agreement in force.

Pursuant to Section 1001.64, Florida Statutes, the College shall be responsible for cost-effective policy decisions appropriate to the College's mission, the implementation and maintenance of high-quality education programs within law and rules of the State Board of Education, the measurement of performance, the reporting of information, and the provision of input regarding state policy, budgeting, and education standards.

The parties agree that all customary and usual rights, powers, functions and authority possessed by the College, whether exercised or not, are vested and the College shall continue exclusively to exercise such powers, duties and responsibilities, during the period of this Agreement. In carrying out its powers, duties, and responsibilities, the College may utilize committees and/or other bodies in a consultative fashion if it so chooses, and not inconsistent with the collective bargaining agreement.

Academic freedom is a guiding principle for institutions of higher education that applies to the individual faculty member and to the College. Therefore, the parties affirm that the College can determine for itself on academic grounds, who may teach, what may be taught, how it shall be taught, and who may be admitted to study.

ARTICLE 6: UNION RIGHTS

FREEDOM OF EXPRESSION – Nothing in this Agreement shall abridge the right of any duly authorized representative of the Union to present views of the Union on issues which affect the welfare of its members.

ACCESS TO INFORMATION – The College agrees to make available to Union officers and/or its members, information and/or records of the College, if requested and permitted pursuant to the provisions of Florida Statutes.

MEMBERSHIP ROSTER – The College will provide the Union with a list of all members of the bargaining unit, their home address, the campus and department for each individual. The list will be provided to the Union at the start of the fall and spring terms at no cost to the union.

BOARD PACKETS – The College agrees to supply the Union President with a copy of the Board Packet in a timely manner.

OFFICIAL COMMUNICATION – The Union may post official notices on designated campus bulletin boards in faculty areas.

INTERNAL MAIL – The Union may use the College mail and e-mail service, including faculty mail boxes, for official Union communications, so long as the communication is conducted in a responsible manner.

NEW FACULTY ORIENTATION – When the College conducts a campus or collegewide new faculty orientation, UFF-FSCJ may, at its discretion, provide an information packet to be distributed with program materials provided that:

- the information packet is submitted to the College in advance for approval based upon reasonableness of volume and by an agreed upon deadline date;
- the information does not contain political information or solicitation for union membership as prohibited by F.S. 447.509; and
- the copying of the information packet will be done by the Union and will not result in any cost to the College.

ARTICLE 7: DUES CHECKOFF

The College agrees to deduct bi-monthly the Union dues of those employees who individually and voluntarily certify in writing on a prescribed Dues Permit Form (Appendix “A”) that they authorize such deductions. The Union shall notify the College of the amount of dues to be deducted, and shall so certify in writing. Any changes in the amount of Union dues requires 30 days’ notice in advance in writing to allow the College to make the necessary technical and administrative payroll changes and program adjustments.

It is understood and agreed that the College shall assess an initial administrative fee and monthly charge to achieve cost recovery in an amount to be agreed to within 60 days for services performed in withholding dues and remittance to the Union. The College shall remit once each month, monies collected and a list of employees paying dues to the Union by the twenty-first (21st) day of the following month. Remittance is complete when placed in the U.S. Mail, postage prepaid.

In consideration of the College’s agreement to provide the check-off of Union dues in accordance with the foregoing provisions, the Union will hold harmless and indemnify the College against any and all liability claims of any kind which the College may incur or sustain as a result of any deduction for Union dues.

Any employee may withdraw from membership in the Union and may withdraw authorization for deduction, at any time upon written notice to the College and the Union. Upon receipt of such notification, the College shall terminate dues within thirty (30) days or as soon as practical.

ARTICLE 8: NO STRIKE AND NO WORK STOPPAGE

The Union, its officers, agents, members, and the bargaining unit employees covered by this Agreement all agree that there will be no strike, sit down, slow down, sympathy strike, picketing, employee demonstration, stoppage of work, boycott, or any other act that interferes with the College’s operations or the performance of its official business, and such persons further agree that they will take appropriate affirmative action in furtherance of the commitment specified above.

Picketing, as referred to in this article, shall mean any action by way of demonstrating which has the effect of interfering with the ingress and egress or restraining any other employee, student, or member of the public.

ARTICLE 9: DISCIPLINE

Discipline shall be for proper cause and shall be administered as follows:

- Reprimands shall be administered by the supervising dean or Campus President and shall be for the purpose of stimulating corrective action on the part of the faculty member and preventing improper action in the future. Depending on the seriousness of the offense, reprimands may take the form of a verbal or written reprimand. If a written reprimand is administered, a copy shall be provided to the faculty member and a copy shall be submitted to the Human Resources records department for inclusion in the faculty member's personnel file.
- A faculty member may be suspended with or without pay based upon a recommendation by the Campus President to the College President. The College President shall provide notice of the suspension to the District Board of Trustees and the faculty member shall be given the opportunity to present his or her version of the controversy at the next regularly scheduled meeting of the DBOT. Discipline that results in suspension without pay may be subject to arbitration provided that the non-renewal of annual contract or the awarding of continuing contract is not subject to arbitration.
- Dismissal of a faculty member shall be by recommendation of the College President to the District Board of Trustees, provided that no such faculty member may be dismissed without an opportunity to be heard at a public hearing and provided further, that the charges must be based on misconduct in office, gross insubordination, willful neglect of duty, or conviction of any crime involving moral turpitude.
- A faculty member shall have the right to have his or her union representative attend any meeting with a supervisor where disciplinary action may be taken. It is the responsibility of the faculty member to notify the union representative.
- Pursuant to the provisions of Rule 6A-14.0411, FAC, when the College President recommends dismissal of a faculty member under continuing contract or returns a continuing contract faculty member to an annual contract, the College President shall notify the faculty member in writing of the recommendation. Within 21 days of receipt of the President's notice, the faculty member must file a petition with the DBOT if he or she elects one of the following: (1) public hearing consistent with the policies and procedures of the College; (2) an administrative hearing as set forth in State Board of Education Rule 6A-14.0411, FAC; or (3) the parties can mutually agree to an independent hearing procedure or other alternative dispute resolution process.

ARTICLE 10: GRIEVANCE AND ARBITRATION PROCEDURES

Grievance Procedure

PURPOSE OF THE GRIEVANCE PROCEDURE – The parties agree that prompt and just settlement of grievances is of mutual concern and interest. Therefore, the parties shall attempt to settle all grievances promptly and fairly at the point of origin. In order to achieve this, the Union and the College shall make available to one another all known relevant facts so as to enable the parties to resolve grievances and maintain harmony within the College environment.

DEFINITIONS OF THE GRIEVANCE PROCEDURE – The following definitions will be used for the grievance procedure in this Agreement:

Grievance – an alleged violation of the terms of this Agreement.

Aggrieved or Grievant – any faculty member, group of faculty members or the Union that files a grievance as defined in this article.

Faculty Member – any member of the bargaining unit.

Days, Work Days or Working Days – as used in this article, except where the term “calendar days” is used, the term shall mean the working days of Monday through Friday, when classes are regularly scheduled in accordance with the Board-approved College calendar.

Respondent – the College or the appropriate administrative official.

GRIEVANCE PROCEDURE – The Union has the right to represent the faculty member and/or be present at any step of the Grievance Procedure. All time lines shall be interpreted as the end of the specified working day. Due to the importance of processing a grievance as rapidly as possible, the number of days indicated at each level should be considered as a maximum, and reasonable effort should be made to expedite the process.

Step 1 – Informal Discussion. A grievant shall first discuss the grievance with the respondent, either directly or through the Union’s designated representative, with the objective of resolving the matter within twenty (20) days from the date of discovery. The respondent will render a verbal decision to the faculty member within fifteen (15) days from the date the first discussion was held. In the event the respondent is not available during the twenty (20) working days following the alleged violation, the faculty member will meet with the acting supervisor and express his/her intent to pursue the informal discussion procedure.

Step 2 – Written Grievance to Respondent. If the grievance is not settled at Step 1, or if the aggrieved person is not satisfied, the grievant may file the grievance in writing to the respondent, with a copy to the Union and the Chief Human Resource Officer within ten (10) days. Within ten (10) days after receiving the Step 2 written grievance, the respondent shall submit a written response to the grievant, with a copy to the Union and the Chief Human Resource Officer.

Step 3 – Disposition of Grievance. If the grievance is not settled at Step 2, or if there is no disposition within ten (10) days after receipt of the Step 2 written grievance, the grievant may file the grievance in writing to the respondent's immediate administrative supervisor, with a copy to the Union and the Chief Human Resource Officer. Within five (5) days after receiving the Step 3 written grievance, the respondent's immediate administrative supervisor shall meet with the grievant and/or the Union's designated representative, with the objective of resolving the matter. Within five (5) days after the meeting, the respondent's immediate administrative supervisor shall submit a written decision to the grievant, with a copy to the Union and the Chief Human Resource Officer.

Step 4 – Written Appeal to the College President. If the grievance is not settled at Step 3 or if there is no disposition within five (5) days after the date of the meeting, the grievant may request that the Union file, and the Union may file a written appeal, with the College President or designee (with a copy to the Chief Human Resource Officer) by the tenth (10th) day following the receipt of the response under Step 3, or if no response was received, within ten (10) days of the date the response was due. Within ten (10) days following the date of filing the written grievance with the College President, the College President or designee will meet with the aggrieved person and the Union's designated representative(s), with the objective of resolving the matter. The College President shall have ten (10) days following the date of the meeting to submit a written disposition to the grievant through the Union's grievance chairperson, with a copy to the Chief Human Resource Officer.

Arbitration Procedure

If the aggrieved person(s) is not satisfied with the final decision of the formal grievance process, the Union may appeal the grievance to arbitration. The decision to appeal to arbitration will be in writing, addressed to the College President, and received by the College President within twenty (20) days after receipt of the College's final action by the aggrieved person(s). Arbitration under this Agreement shall be limited to those grievances processed through the steps of the Grievance Procedure and subject to this Article. The aggrieved person(s) or the Union shall have the right to withdraw the request to seek arbitration at any time.

SELECTION OF THE ARBITRATOR – Within twenty (20) days of receipt by the President of the aggrieved person's notification to appeal to arbitration, representatives of the President and the Union shall meet for the purpose of selecting an arbitrator. If within twenty (20) days from the first date the parties meet, the parties are unable to agree on an arbitrator, the parties shall jointly request in writing, from the Federal Mediation and Conciliation Service, a panel of five (5) arbitrators who must hold membership in the National Academy of Arbitrators. The Union shall strike the first name from the panel; the College shall strike the second name; the Union shall strike the third name; the College shall strike the fourth name; the remaining name shall be designated as the arbitrator and the Federal Mediation and Conciliation Service shall be so notified in writing by the parties.

AUTHORITY OF THE ARBITRATOR – The arbitrator shall be limited to the grievance submitted.

In the area of financial awards, the power of the arbitrator shall be limited to cases where the aggrieved person has been judged to have been discharged or suspended without cause and the

arbitrator's power in such cases shall be limited to reinstatement and the amount of back pay due, if any. The arbitrator shall have no power to award continuing contract status. If the arbitrator's award includes back pay, interim earnings from other sources shall be deducted from the award. Failure to mitigate and/or laches may also be considered as a deduction or set-off.

The decision of the arbitrator, if within the limitations of his/her authority as set forth herein and in Florida Statutes shall be final and binding. The arbitrator shall not have the power to add to, subtract from, modify, or alter the provisions of this Agreement.

Arbitration shall be confined solely to the facts of the grievance and the precise issue(s) submitted for arbitration. The arbitrator shall have no authority to determine any other issue(s). The arbitrator shall refrain from issuing any statements of opinion or conclusions not essential to the determination of the issue(s) submitted. Where an administrator has made a judgment involving the exercise of discretion, the arbitrator shall not substitute the arbitrator's judgment for that of the College. If the arbitrator determines that the Agreement has been violated, the arbitrator shall direct the College to take appropriate corrective action.

The arbitrator shall only have the power to hear or arbitrate grievances which arise under the terms and during the duration of this Agreement.

CONDUCT OF THE HEARING – If it is necessary to hold arbitration proceedings during duty hours, parties to the grievance may be excused from their other College duties without loss of pay for the duration of time they are needed in the proceedings for testimony.

Each party shall have the right to present evidence, present, cross-examine and/or sequester witnesses, and submit a post-hearing brief.

DISPOSITION – The decision of the arbitrator will be made in writing to both parties at the same time. The delivery of the decision will be made by certified mail, return receipt requested.

FILES – Grievance materials will be maintained in a file designated by the President and separate from personnel files. A copy of the arbitrator's written decision shall be placed in the aggrieved person's personnel file.

PROCESSING – The filing or pendency of any grievance, or of arbitration proceedings, under this Article shall not operate to impede, preclude, or delay the College from taking the action complained of. In no event shall any faculty member, as a result of a pending grievance, receive compensation following cessation of employment.

COSTS OF THE ARBITRATION – The parties shall share equally in the total costs of arbitration. However, expenses for witnesses shall be borne by the party calling them.

The arbitrator shall render a decision in writing by the thirtieth (30th) day after the close of hearing. If briefs are submitted, the hearing is closed on the date set by the arbitrator for the submission of briefs. However, time limitations may be adjusted by mutual agreement between the parties.

This arbitration procedure cannot be used by the Union or any employee to dispute a decision made by the College not to renew the contract of a faculty member on annual contract, or to dispute a decision by the College not to award a continuing contract to a unit employee. Nothing in this Article will be interpreted to extend the time a faculty member has to file a petition or appeal of such adverse action under the Florida Administrative Code or other applicable time limits.

ARTICLE 11: FACULTY EVALUATION

The evaluation of faculty shall conform to the laws, rules, and regulations of the State of Florida related to full-time faculty duties and responsibilities. Faculty evaluation shall be conducted in a fair, constructive, objective manner and shall serve to maintain and improve the quality of instruction and support services in furtherance of the College's primary mission. The goal of the evaluation is to encourage and recognize excellence in faculty performance and to provide the opportunity for faculty members and their supervisors to discuss performance regularly and in a consistent manner throughout the College.

Performance Criteria: Essential Specific Responsibilities

All faculty will be evaluated using the essential responsibilities regardless of the faculty member's assignment: teaching, librarian, or counselor. In addition, responsibilities specific to the type of faculty assignment will be used as additional criteria that will provide more discrete information in the performance evaluation and feedback cycle. The essential and specific responsibilities are found in Appendix B, Faculty Evaluation Forms.

Procedures

Faculty on annual contract will be evaluated once a year during the Spring semester.

Faculty on continuing contract will be evaluated once every three years. The supervising administrator may evaluate the continuing contract faculty member more frequently if concerns arise about the faculty member's quality of instruction or methodology. Supervisors shall consult with faculty regarding perceived problems in a timely manner, as appropriate.

The supervising administrator shall use multiple sources of data, including the findings of observations, the results of the evaluation of instruction by student survey of course sections taught by the faculty member, student results, and pertinent anecdotal information to complete the current evaluation form. The supervising administrator will discuss the conclusions identified on the final evaluation form with the faculty member, will affix his or her signature and provide for the signature of the faculty member. The signature of the faculty member does not necessarily imply agreement with the evaluation. The faculty member will be given a copy of the signed evaluation form and the original will be provided to Human Resources for inclusion in the faculty member's personnel file. The faculty member may attach a statement which will become a part of the evaluation.

Observations and Visits

Observations and visits for seated and online classes shall occur when the faculty member is performing regular work duties. The supervising administrator initiates at least one observation by scheduling a mutually agreeable date and time and alerting the faculty member as to the purpose of the observation.

Feedback regarding the findings of the scheduled observation shall be provided to the faculty member in a pre-scheduled conference to be held no later than 10 work-days following the observation. A conference summary memo will be provided to the faculty member following the meeting and will provide a part of the basis for the overall evaluation.

Student Survey

Students will have an opportunity to complete the appropriate FSCJ Student Evaluation of Instruction (SEI) form on-line for each course section taught by his or her instructor. The individual report information and comments will be provided to the faculty member, the supervisor, and the Campus President. Report information by program and discipline will be provided to the Vice President of the College/Provost. The final FSCJ Student Evaluation of Instruction (SEI) online form consists of the 15 questions that are attached and five (5) additional questions determined by a joint committee.

Ratings

The faculty member's performance will be measured against the performance criteria and will be rated as follows:

Exemplary – Responsibilities exceeded and is deserving of special recognition.

Satisfactory – Responsibilities met.

Needs Improvement – Improvement is needed to meet responsibilities.

Unsatisfactory – Responsibilities not met.

Not Applicable (NA) – Does not apply to the faculty member's current assignment

A committee shall be established consisting of three faculty members appointed by the Union and three administrators appointed by the College, to be chaired by the Chief Human Resource Officer, who shall be a non-voting member. The committee shall attempt to develop a rubric that shall be used in the overall evaluation of faculty.

Examples will be provided for each responsibility that is Needs Improvement or Unsatisfactory. If an overall rating of Needs Improvement is determined, the supervising administrator shall consult with and obtain the concurrence of the Campus President. The faculty member shall be provided an opportunity to improve his or her performance and an improvement plan shall be developed in collaboration with the faculty member's immediate supervisor. The performance improvement period shall not exceed one semester following the initial Needs Improvement rating or the time at which the annual contract appointment must be made.

If an overall rating of Unsatisfactory is determined, it requires concurrence of the Campus President and, at the Campus President's discretion, an improvement plan may be developed as noted above.

Nothing in this Article is intended to preclude any due process proceeding addressing disciplinary action, as appropriate.

The results of the faculty evaluation and subsequent employment decisions shall not be subject to the grievance process.

ARTICLE 12: ISSUANCE OF ANNUAL CONTRACTS

Faculty other than those on continuing contract shall receive an annual contract using the form prescribed by the District Board of Trustees. The annual contract shall not create the expectancy of employment beyond the term of the contract. Non-renewal of the contract shall not entitle the faculty member to the reason(s) for non-renewal or to a hearing.

Contracts are conditioned on a minimum number of students.

Payment of salary for contracts issued to full-time faculty who are employed by sponsored projects, grants, or contracts for services are conditioned on the availability of funds.

LENGTH OF ANNUAL CONTRACTS – Standard annual contracts will be the same in duration as those for faculty on continuing contract. Annual contracts on a pro rata basis may be issued. Annual contracts for practitioners may be issued. The contract lengths for both pro rata employment and practitioner employment will vary.

ARTICLE 13: CONTINUING CONTRACTS

ELIGIBILITY – The Board shall provide a continuing contract to eligible faculty pursuant to the applicable provisions of State Board of Education Rule 6A-14.0411 and the review process specified herein. Faculty includes full-time teaching faculty, librarians and counselors.

- A faculty member must serve at least 91 workdays in that year to receive credit for the year.
- Effective with the 2014-15 academic year, any faculty member hired prior to August 13, 2013 will be eligible to apply for continuing contract if they have completed three (3) years of continuous satisfactory service at Florida State College at Jacksonville over the previous five (5) year period except for leave duly awarded and granted.
- Effective with the 2014-15 academic year, any faculty member hired August 14, 2013 and/or thereafter will be eligible to apply for continuing contract if they have completed five (5) years of continuous satisfactory service at Florida State College at Jacksonville over the previous seven (7) year period except for leave duly awarded and granted. A faculty member may apply after eight (8) or more years of continuous service at FSCJ as long as they meet the service criteria in the previous sentence.

- Effective with the 2014-15 academic year, newly hired faculty will be given credit for documented continuous satisfactory service as a current continuing contract faculty member at another regionally accredited institution of higher education for a maximum of three (3) years to be credited toward continuing contract eligibility at the College.

Continuing contract satisfactory service is defined as:

- Service that meets or exceeds the professional responsibilities that are an integral part of the faculty evaluation system.
- Professional development that contributes to the individual's professional knowledge in his or her discipline/program at the College.
- Any other representation of professional service at the College as may be appropriate.

An administrator who was previously a continuing contract faculty member, upon returning to a full-time faculty primary assignment, will be granted continuing contract after two years of satisfactory performance without needing to go through the procedure outlined herein.

The movement of a faculty member from continuing contract to annual contract shall be the result of a written documented disciplinary action by the College based on a disciplinary infraction per Article 9; or the result of unsatisfactory compliance with a written performance improvement plan per Article 11 of this Agreement. A written improvement plan will include notice that continuing contract may be in jeopardy. The decision to move a faculty member from continuing contract to annual contract shall be in compliance with Board Rule 6Hx7-2.18 and the faculty member shall be given reasonable notice.

The Union President will be notified within ten (10) work days of the receipt by Human Resources of the final needs improvement plan.

For the 2014-15 academic year, a faculty member who earned continuing contract and was returned to annual contract will be eligible to re-apply for continuing contract if they have completed at least three (3) years of continuous satisfactory service during a period not in excess of five (5) years starting with their first year back on annual contract.

For the 2015-16 academic year and every year thereafter, a faculty member who earned continuing contract and was returned to annual contract will be eligible to re-apply for continuing contract if they have completed at least five (5) years of continuous satisfactory service during a period not in excess of seven (7) years starting with their first year back on annual contract.

STEPS IN CONDUCTING CONTRACT REVIEW – The review process for the application requires letters of endorsement or non-endorsement at each step in the process. If an endorser concurs with the endorsement of the applicant expressed by a subordinate, he or she may simply add his or her signature to the subordinate's letter. If the recommendation at any level is non-endorsement, the individual or committee not endorsing the application must provide specific reasons, in terms of the major criteria, for the non-endorsement. In any case, the applicant will

be provided with a copy of the resultant letter at each step in the process. Non-endorsement at any step does not stop the process.

When a faculty vacancy becomes available and is approved to be filled through the College's standard employment processes, regularly appointed full-time faculty may apply for a transfer.

Full-time faculty will be provided notice that a faculty vacancy will be advertised through the College's email system. Interested faculty must then notify the HR Employment Manager within 10 work days by email if there is an interest in being considered for transfer.

Full-time transfer applicants who meet the minimum qualifications for the position and who have an overall satisfactory evaluation rating on the most recent evaluation will be considered for the position before external applicants, including adjunct instructors.

A transfer screening committee shall be appointed by the hiring administrator to review the request(s) for transfer. A minimum of two (2) members of the committee shall be from the specific discipline of the advertised position. When possible, the committee shall include at

No more than one third of a committee may be non-full time employees of the College. Newly hired faculty may be included on screening committees at their request.

Upon clarification of the interview process, the committee chairperson will submit the finalist list to the Campus President.

In the event that the search process to fill a vacancy does not result in the selection and recommendation to be hired or in situations where there is insufficient time to complete a properly constituted search process, only a temporary appointment of a faculty member shall be made. In such instances, the appointment shall not exceed one (1) academic year.

ARTICLE 18: REDUCTION IN FORCE

The parties understand and agree that employment decisions will be made in the best interest of the students and the College; however, the parties recognize that should the Board have to choose from among its full-time faculty as to which should be retained, among the criteria to be considered shall be educational qualifications, efficiency and capacity to meet the educational needs of the community. When criteria are substantially equal, the determining factor shall be length of service with the College.

Whenever circumstances related to available resources require the College to cut back its programs/staff, any full-time faculty who is a part of a reduction in force at the College due to such cutback shall be offered the opportunity of first acceptance or refusal to return to work as specified below:

The offer of return pursuant to this rule shall continue for twelve (12) months following the reduction in force caused by the cutback.

The provisions cited herein are applicable whenever a vacant position becomes available:

- which is substantially similar to the position held by the affected individual at the time of separation caused by the cutback, and
- for which the affected individual is qualified or can become qualified within thirty (30) calendar days following return to work.

The offer of first acceptance or refusal shall be open ten (10) workdays following the notice by certified mail to the affected individual of the position availability. If no written response is received from the affected individual within that time frame, the College shall conclude the affected individual is no longer interested in employment as provided by this rule. It shall at all times be the responsibility of the affected individual to provide the College a correct mailing address to which to forward any correspondence related hereto.

If the offer provided above is refused for whatever reason, this rule shall no longer have any applicability to the affected individual's employment status at the College.

In addition to the foregoing, for a period of six (6) months following such a displaced employee's termination date, the individual displaced pursuant thereto shall be given first consideration for an opening in a position dissimilar to the individual's position eliminated in the cutback, provided the individual is interested and qualified.

The provisions of this rule shall be applicable only to full-time faculty whose positions are not funded from categorical, sponsored, contracted or project fund sources.

Recall shall be in reverse order with the last faculty member displaced becoming the first to be recalled.

A faculty member who is recalled to a faculty position is entitled to seniority, salary and benefits as if no interruption had occurred.

ARTICLE 19: SUBSTITUTE COVERAGE

It is the responsibility of the assigned faculty member to meet each class for the complete period and days scheduled. When personal or family illness or approved assigned duty elsewhere prevents the faculty member from meeting the scheduled class, it is the faculty member's responsibility to obtain supervisory approval of any substitute or alternative assignment whenever practical or reasonable.

Prior approval must be given by the appropriate administrator for substitute coverage.

If the absence exceeds the equivalent of one week's instruction, as determined by the immediate supervisor, the supervisor will provide for class coverage.

ARTICLE 20: TEXTBOOK SELECTION

The selection of textbooks and supplementary materials to be used are the prerogative and responsibility of the full-time faculty member and shall be determined according to departmental guidelines. The parties agree that student access to affordable high quality textbooks and course materials is critical to the academic success of students and consistent with applicable law. The faculty and the administration are committed to the on-going development of appropriate policies, procedures and standards for the selection of textbooks and course materials to maximize student success, access and affordability.

Textbooks to be used for a non-sequential, college credit course shall be selected by each faculty member from a list of textbooks agreed upon by the faculty.

The list of textbooks shall be developed by the respective departments on the individual campus and shall be reviewed as appropriate.

In the interests of students, academic departments shall agree upon texts to be used collegewide in sequential* courses using the following procedure:

- Faculty within each department representing each campus shall serve on a collegewide committee to select by majority vote one textbook to be used in each course in the sequence.
- An accompanying list of supplemental texts and ancillary instructional materials may be selected by each faculty in addition to the course text, to meet the needs of the particular discipline.

Textbooks selected by the collegewide committee will be used for a minimum period of two (2) years unless the collegewide committee determines that a shorter period is appropriate, on a case-by-case basis.

The list of selected textbooks will be submitted by the established deadline or the textbooks in current use will be reordered.

* A sequential course is a course as defined by the collegewide committee.

COPYRIGHTS, PATENTS & ROYALTIES – The College supports and encourages its faculty to develop and publish scholarly and creative works and educational materials and products/intellectual property which may be subject to copyright or patent and which may generate royalty income. Such activities increase professional knowledge, provide creative models for students, and bring recognition to the College. These developments may involve the use of College time and resources. The policy listed below therefore defines the rights and obligations of all parties concerned.

PERSONS COVERED UNDER THE POLICY – The policy is intended to cover relevant activities of all full-time College faculty.

MATERIALS SUBJECT TO COPYRIGHT AND PATENT – In general, the materials subject to copyright and patent will be divided for discussion purposes into the following major categories:

DETERMINATION OF RIGHTS – To determine the disposition of rights to copyrightable materials and patents developed by the College faculty, such rights will be interpreted within the framework of the categories listed below.

College Assisted Individual Effort – When the College provides support of an individual effort resulting in copyrightable material or a patent by contributing faculty time, facilities and/or other College resources, the College is entitled to certain rights and privileges as listed below.

- The College shall be granted a royalty-free license to make full use of all products and processes so developed pursuant to this section.
- The College will recover all costs, supported by detailed records on time and materials, plus 10 percent.
- Generally, copyrights and patents will be held in the name of the College faculty member concerned. However, agreement between the individual and the College may create other rights and responsibilities, including joint ownership.

College Initiated and Supported Efforts – Ownership of copyrightable material or a patent relating to materials to processes identified above, developed as a result of specific assignment by the College or arising out of the duties for which the individual was specifically employed by the College, shall reside with the College. College Assisted Individual Effort – Income derived from individual efforts which are complemented by College time, facilities and/or resources, as defined above, shall accrue solely to the author or inventor. However, repayment to the College must be made by the individual(s) concerned as outlined above, which also outlines the other rights of the College in these cases.

The above holds in all cases save those in which the individual(s) request, and the College agrees to permit its name to be used in connection with the product or process and also agrees to market or assist in acquiring a marketing source for the product or process, as outlined above. In these cases, royalties will be shared with the College receiving 25 percent and the individual(s) 75 percent, unless a written agreement is executed and approved by all parties prior to the granting of the copyright or patent.

College Initiated and Supported Efforts – When copyrighted material or a patent is generated by a specific College assignment or as a result of labors for which the individual was employed, for any matters covered under the above information, the College shall be the sole recipient of all income derived therefrom. In specific instances, where an exceptional individual-initiative product results, and only after College recommendation and Board approval, portions of income derived therefrom may be shared between the College and the author or inventor. Such efforts shall be determined in a case-by-case basis.

Sponsor Supported Efforts – Income derived from sponsor-supported efforts shall be disbursed in accordance with the specific terms of governing contractual or grant documents. Income derived from copyrighted materials or patents shall be disbursed in accordance with stated College policies when the contract or grant document is silent as to disbursement of royalties or times of value.

The Union will appoint two (2) representatives to serve a two-year term. The term will begin on July 1 and will be staggered so that one member will have his or her term expire each year. F. **Convocation Week**

Convocation Week shall have no more than two days designated for all College, Campus, and Departmental meetings and events. The remaining days will be designated as "Instructional Preparation Days," providing faculty the opportunity to prepare for classes.

Section II - Overload

Overload assignments will be made to meet student and instruction need by mutual agreement between the appropriate administrators and faculty. A faculty member whose total workload units in a 16-week period exceed 24 requires permission from the appropriate instructional dean. Faculty members who meet their base teaching load at 30 WLUs per academic year shall not be required to accept additional class assignments that place them over 31 WLUs. A faculty member shall not be required to teach a sixth course in any given term to fulfill base load.

Section III - Other Professional Activities for Teaching Faculty

During contract days when a teaching faculty member has no scheduled classes as part of base load, the following activities may be scheduled: program development, course development, committee and task force service, student advising and recruiting, participation in College-sponsored professional development, approved internships and professional residencies, certification training, professional

meetings, tutoring, working in the learning lab, development of work-based learning agreements, in field research, and approved special projects.

Work-based Learning (Cooperative Education, Internships and Practicums)

In those courses where a faculty member places students in the work environment under the supervision of an employer and visits the students throughout the semester to ensure work-based learning is occurring, the workload unit shall be the student credit hour earned, up to 3 WLUs, for enrollments of 12 to 25. In cases of course enrollment under 12, the dean may offer a stipend to a faculty member. The stipend will be calculated at 0.07 times the appropriate overload rate times the number of students. Faculty may choose to count enrollments under 12 as part of their load using the formula 0.07 times the WLU times the number of students.

Sections may be combined in order to make a full course. Exceptions to this rule may occur if dictated by accreditation entities and reflected in the curriculum files.

Team Teaching

WLUs assigned to a team-taught course will be divided proportionally between or among the teaching faculty. Total WLUs may not exceed those assigned to the course through the curriculum process.

Course Combining

Combining of courses may be used to improve College efficiency and effectiveness. Combined classes shall meet the class size guidelines of a single class in the college curriculum outlines.

Combining of Course Levels

Subsequent to consultation with the faculty member, the supervising administrator may combine courses of various instructional levels as academically appropriate. If the two classes have two different WLU values, the faculty member will be credited with the larger value.

Directed Study and Independent Study

Professors shall be paid 0.07 times the appropriate overload rate times the number of students. Faculty may choose credit toward their teaching load at the rate of 0.07 times the WLU times the number of students. Faculty may have no more than 10 directed or independent study students per semester.

Dynamic Banking

Base load for faculty will normally be completed during the fall and spring terms. Other combinations of terms may be used as appropriate. It shall be the responsibility of the supervising administrator to plan a full load for all full-time faculty. At the discretion of the supervisor, dynamic banking may be used to shift earned or needed WLUs to the subsequent year. The use of WLUs from one contract year that impacts upon the subsequent year will be limited to eight (8) WLUs for each faculty member.

Dynamic banking will be used as a tool to ensure optimum resource utilization and scheduling flexibility. The appropriate supervising administrator will consult with faculty members who have earned excess WLUs or have not made base load. While the preference of faculty will be given significant consideration, the load plan will ultimately be based on student need. Administrators may bank WLUs on behalf of faculty using the following guidelines:

- A. During class scheduling for fall and spring terms, priority will be given to full-time faculty to achieve their load obligations. During the faculty member's second term scheduling, if a faculty member is not scheduled to meet load obligations, he or she shall have the option of teaching courses at other campuses in collaboration with the respective campus supervising administrator.
- B. Base load review will occur by April 1 of each year. If a faculty member has earned WLUs beyond their basic load, they may, if approved:
 - 1. Be paid for all WLUs over the maximum base load.
 - 2. Bank the excess to reduce their load obligation in the subsequent contract year.
 - 3. Bank WLUs taught over summer terms to reduce load obligations in the subsequent contract year.
- C. If a faculty member has not completed base load at the end of the contract year, the following options will be utilized and a plan will be developed by the supervising administrator in consultation with the faculty member:
 - 1. Completion of WLUs during the subsequent term.
 - 2. Completion of the required number of WLUs during the subsequent academic year.
 - 3. When options one and two cannot be implemented, salary reduction shall be calculated at the applicable WLU rate for the faculty member's base salary.

When the plan has been developed, a copy of the plan will be sent to the Campus President, the Chief Human Resource Officer and the Union President.

- D. The banking of WLUs is a process that works over a three-year period. The three years consist of the year the WLUs were earned or not earned and the subsequent academic year. Negative WLUs must be resolved by the end of the second academic year unless the negative banking has occurred solely as a result of course cancellations. In that case, a third academic year may be used to resolve the negative balance. Positive or negative banked hours will be used as the first hours expended toward base load requirements in the first term of the subsequent academic year.

Workload Unit Course Values

Courses existing in the master course outline developed through the College's Curriculum Committee process and in effect at the close of the 2013-14 Spring Term shall serve as the assignment of WLU value for each course for the duration of the term of this agreement. Courses added or amended or revised during the duration of this agreement through the College's Curriculum Approval Process shall use the partial points outline where applicable (see Appendix E).

United Faculty of Florida Change in Representation Policy

Important Changes in United Faculty of Florida Grievance Representation Policy

Please be aware that you are NOT automatically a member of UFF. You must complete and sign a membership form and submit it to UFF in order to become a member.

All faculty have the right to file an individual grievance, but those who were not UFF members when the incident occurred must represent themselves or retain an attorney. UFF retains the sole and exclusive right to invoke arbitration; non-members will not automatically have the right to pursue a remedy beyond the grievance process. If UFF agrees to allow a non-member to proceed to arbitration, the non-member will be responsible for the cost of the arbitration – \$2000 to \$4000 – and must provide his or her own attorney, the cost of which can exceed \$20,000. If a non-member informs the chapter of an incident, UFF *may* file a grievance on behalf of the chapter if it is believed to have chapter-wide impact on the enforcement of the collective bargaining agreement; however, that is at the discretion of the chapter.

At its September 2008 Senate meeting, the statewide United Faculty of Florida (UFF) revised its grievance representation policy in response to liability and legal concerns. ***Effective immediately, UFF will not provide grievance representation to faculty who were not dues-paying UFF members at the time when the grievable incident occurred.***

We want to ensure that you make an informed decision at this time. Please complete and sign this ***Membership Form*** and return to Maureen McCormick at Open Campus/DWC, Room C-2316.

APPENDIX 'C'

BEST PRACTICES

The following is a brief summary of the Seven Principles of Good Practice in Undergraduate Education as compiled in a study supported by the American Association of Higher Education, the Education commission of the States, and The Johnson Foundation.

1. Good Practice Encourages Student-Faculty Contact

Frequent student-faculty contact in and out of classes is the most important factor in student motivation and involvement. Faculty concern helps students get through rough times and keep on working. Knowing a few faculty members well enhances students' intellectual commitment and encourages them to think about their own values and future plans.

2. Good Practice Encourages Cooperation Among Students

Learning is enhanced when it is more like a team effort than a solo race. Good learning, like good work, is collaborative and social, not competitive and isolated. Working with others often increases involvement in learning. Sharing one's own ideas and responding to others' reactions improves thinking and deepens understanding.

3. Good Practice Encourages Active Learning

Learning is not a spectator sport. Students do not learn much sitting in classes listening to teachers, memorizing pre-packaged assignments and spitting out answers. They must talk about what they are learning, write about it, relate it to past experiences, and apply it to their daily lives. They must make what they learn part of themselves.

4. Good Practice Gives Prompt Feedback

Knowing what you know and don't know focuses learning. Students need appropriate feedback on performance to benefit from courses. In getting started, students need help in assessing existing knowledge and competence. In classes, students need frequent opportunities to perform and receive suggestions for improvement. At various points during college, and at the end, students need changes to reflect on what they have learned, what they still need to know, and how to assess themselves.

5. Good Practice Emphasizes Time on Task

Time plus energy equals learning. There is no substitute for time on task. Learning to use one's time well is critical for students and professionals alike. Students need help in learning effective time management. Allocating realistic amounts of time means effective learning for students and effective teaching for faculty. How an institution defines time expectations for students, faculty, administrators, and other professional staff can establish the basis for high performance for all.

6. Good Practice Communicates High Expectations

Expect more and you will get it. High expectations are important for everyone – for the poorly prepared, for those unwilling to exert themselves, and for the bright and well motivated. Expecting students to perform well becomes a self-fulfilling prophecy when teachers and institutions hold high expectations of themselves and make extra efforts.

7. Good Practice Respects Diverse Talents and Ways of Learning

There are many roads to learning. People bring different talents and styles of learning to college. Brilliant students in the seminar room may be all thumbs in the lab or art studio. Students rich in hands-on experience may not do so well with theory. Students need the opportunity to show their talents and learn in ways that work for them. Then they can be pushed to learning in new ways that do not come so easily.

Subject: Partial Points Task Force Update

I am pleased to report to the faculty that the College will move ahead on increasing the workload value in eight areas where courses have lab components. These changes were forwarded by the faculty senate. They were then discussed and approved through the Exchange of Views process. While there is some risk of a union challenge, we believe this action will be seen as positive by all concerned. A task force of faculty and administrators worked diligently to ensure the College was at prevailing practice in these very significant areas. With these changes, 60% of our areas will be at prevailing practice as compared to the other community colleges in Florida, while 40% will be above. These changes will take place immediately and be reflected in the load calculations now being prepared.
